Mr. Joe Biden
President of the United States of America

Dear, Mr. President,

Greetings and my very best wishes to you and your precious family!

I watched the debate a couple of nights ago, and I wanted to thank you.

Thank you for having the heart of the founding fathers and loving our country, such that you have a fear for it's very soul.

Thank you for continuing to perform the sacrifice and oblations, in a time when the very terms "sacrifice" and "hope" have been deemed antiquated.

Thank you for actually being willing to do the work of freedom and take the punches of those desiring to steal our freedom. What you have been willing to do has served such an important purpose. I was thanking God this morning for you and for making the two choices before us so stark and clear, between

1. Those who want a multiethnic, multigenerational, multi-*opinionated*, multi-*choice* nation – a nation representative of and that includes *all* of Adam and Eve's amazing children;

And

2. Those who do not.

Know this, what we ultimately choose says a whole lot more about *us* and *our* failings than it will ever say about yours.

I continue to pray God's manifold blessings and strength, especially His strength for this day, upon you!

Holly.
